

Objective

To continue making a positive impact in education through innovative platforms that engage students and encourage independent learning.

Skills & Abilities

- Bilingual in English and Conversational Spanish
- Basic skill set with Python, C++, HTML, CSS, and JavaScript
- Microsoft Office
- Canva- Flyers
- Toddle, IXL, Remind

Education

Associate's

Jun 2023 - Present

Pasadena City College

- Computer Information Systems: Full Stack

Bachelor of Arts

May 2015 - May 2019

University of Southern California

- Applied and Computational Mathematics

M.A. in Teaching

Jan 2019 - May 2020

University of Southern California

- Single Subject: Mathematics

Experience

Teacher | LAUSD | Aug 2020 – Present

- Currently teaching Math 6, Algebra I, and Geometry at Benjamin Franklin High School. My previous three years I taught Geometry, Geometry Tutorial, Precalculus, Honors Advanced Math (Alg II + Precalculus), and AP Calculus AB at USC Media Arts and Engineering Magnet.

As a math teacher, I...

- Encourage partner discussions and check-ins while maintaining and encouraging a positive learning environment.
- Utilize various online learning platforms to enhance the learning of my students. Platforms include IXL, iReady, and Class Dojo.
- Participated in the IB Authorization Team to provide support, discuss ideas, mentor teachers, plan IB-focused unit plans, and mentor 10th grade students with their IB personal projects.
- Was a member of the WASC Writing Committee, where I updated sections of the WASC report in preparation for the Accreditation visit, gathered information from other school stakeholders, and revised the final report.
- Currently lead the Chess Club and assist with the middle school Robotics club. Supervised the Coding Club and Senior Committee Club in 2021-2023. Clubs meet in my classroom every week after school or during lunch.
- Prepare and host tutoring before and after school to help students make up missing assignments, study for assessments, and do assessment retakes.
- Fundraised over \$1000 for four different projects through [DonorsChoose](#) for calculators, student whiteboards, and art supplies for a Calculus Project.
- Led math department meetings at my past school.

Substitute Teacher | LAUSD | Jan 2020 – May 2020

- Covered classes when teachers were unavailable, which included enacting lesson plans, monitoring the classroom, and assisting students.
- Was flexible when assigned coverage for single periods or full days.

Student Teacher | USC MAE Magnet | Jan 2019 – Dec 2019

- Spring 2019: Taught a Geometry class with students from 9th to 11th grade.
- Fall 2019: Taught 6th and 8th-grade math classes.
- Planned, taught, and reflected on lessons; managed the classroom; graded assignments, and exams; tutored students after school, and attended department and faculty meetings.
